

CONFIDENTIAL

AUG 18 1947

MEMORANDUM TO: Chief, Interdepartmental Coordinating and Planning Staff

SUBJECT: Coordination of Intelligence Reviews published by IAB Agencies

REFERENCE: Memorandum to Director of Central Intelligence from Chief, ICAPS dated 11 August 1947, same subject as above, with 1 attachment.

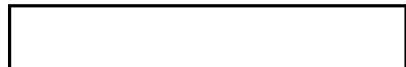

1. The immediate need for the proposed memorandum to the IAB agencies is not apparent. The coordination provided for in the memorandum should be taken care of when the overall coordination of production of intelligence program is settled.

2. Paragraph 4 of the proposed memorandum to the IAB agencies is controversial in nature and is not essential to the paper. The statement that one agency must obtain agreement from the agency of dominant interest before publishing an article on a particular subject is subject to debate. Likewise, the criterion of common interest for CIG production of articles is questionable.

3. It is recommended that:

a. The proposed memorandum to the IAB agencies be held in abeyance at this time.

b. If the subject memorandum is sent forward, paragraph 4 be deleted therefrom.
